September 22, 2005

Dear Stuart & Scott,

We have a good customer who receives a color remarque on his Turkey print every year.

I need you to do (one) color remarque for him. I have sent to you a couple of prints for this purpose.

We charge our customer \$250.00 for this remarque, all of which will go directly to you for your trouble.

I will need this print back as soon as possible so I can have it framed and delivered to client no later than November 1st.

I am working on your artist proofs and should be able to deliver them within the next 2-3 weeks.

On another note...I sent to you the end of August, 70 Turkey stamps for signature. Do you have an ETA on those? I will need the signed stamps back way before the remarqued print so that I can fill orders and schedule framing.

Thank you both for all your help, if I can do anything to help just give me a call.

Sincerely,

Donna Amy
