

Notes & thoughts from Ron Alonzo
Thursday, October 30, 2008

Dear Scott,

I have been busy since we talked in late September. I was so sad to find out of Stuart's passing in 2006. I passed the news on the Ron Goebel who lives in Shreveport and was Stuart's suite mate in our senior year at Tulane.

Before Tulane and military prep school in Virginia I lived in Mexico and went to the American School in Mexico City. I attended a reunion in San Antonio in mid October and talked to a classmate (Liz Jaquet) who had gone to the American School and Newcomb and married Davey O'Brien, a childhood friend of yours and who I got to know through Stuart at Tulane. It amazed me how small this world of relationships is.

You said you wanted my address for an Aztec art book that Stuart had published. Please let me know any details as I would love to get it.

I promise that I will make time next time I am in Dallas Ft Worth area to get out to see you.

Again my condolences and I wish you the best of everything in the future.

Con Cariño y un Abrazo fuerte de un compañero
