Dear Scott:

You will recall that I mentioned that I took two landscape prints out of my Birds of Texas set of prints and had them framed. They were Plate I, Sanctuary, and Plate IV, Lost and Found. My Birds of Texas is copy No. 65. Each print has a "65/500" written in the corner. If you could provide me with duplicates of those, identified as 65/500 in the corner of each, I would be grateful.

How is the work on my portrait going? You will be surprised how many people have expressed disappointment that my portrait is missing from the courtroom. We all are looking for its return. Let me know where you are.

With best regards.

Sincerely,

A large, stylized handwritten signature in dark ink, appearing to read 'McBryde', written over the 'Sincerely,' text.
