Fine Prints, Paintings and Framing

Dear Stuart,

The print of the Hooded Merganser arrived to the gallery and we all were in great admiration of the work in it. It is quite a striking print - Thanks so much for sending copies to both Taylor and me. I intend to frame mine - that's a compliment because I only hang originals!

Mr. Clark was impressed with how things are going for you and Scott with your book. I am so glad for you that all your hard work is being paid back now.

Thank you for keeping us posted on your progress and many, many thanks for the gorgeous Merganser print.

With best regards,
Katherine Rutledge
