Scott and Stuart,

Your absence from campout was quite pronounced - you being a fixture. I missed your being there, and was most pleased to receive your letter. So - next year.

I'll be about the last weekend in October, and I'll write you well in advance. But I'm not sure I could have taken my pic, as great as it is, hanging out in front of everyone.

We bought two of your pictures, and your manager

- whose name I do not recall -
will call soon and I'll
handle with him.

As to my pic - I will
not accept it as a gift.

So I'll talk to him,
also, about that, as

Margaret wants it

Keep painting!!

Best
