Stuart —

Super meeting last Thursday! Thanks for the time and attention and the "green light" on the various projects.

Terific lead on "Sunday morning on CBS."

Confirm to me when folios are mailed to the two editors... and I'll look for the extra prints & text pages.

Keep your strength up!

Glad you liked the People reprints. And I've passed your compliment back to the printer.

Thanks for the prints & text for use w/ editors.
