Scott & Stuart:

We finally dug this article out of the woodwork.
I will devise a letter for your signature going
to Katrine Ames in Newsweek's Fine Arts section.

Could we get together on Wednesday of next week
for a program review...retrieve my tape recorder,
deliver the Davidow tape...go over bids on the
Dallas Morning News reprint...get extra prints for
media use (and framing)...collect Koliak (sp.?)
and other critique-type letters, etc.?

call and let me know. I'll be in most of the weekend,
except for my weekly dollop of cinematic violence and
other assorted vices (sordid vices?).

"Warm" regards, *

A handwritten signature in cursive script, appearing to read "Preston".

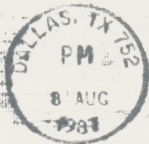

It's so hot in Downtown Dallas, the muggers are
wearing seersucker masks!
