12/16

Dear Stuart & Scott,

Thank you for your thoughtful card, which reminded me that I had not written - or called - to tell you that I, too, heard many positive comments about your program last week and that I, personally, found it to be one of the best, most insightful, and thought-provoking, presentations in the entire

span (10+ years) of the
Artist's Eye series. I
owe you both a profound
debt of gratitude. You
both enrich the cultural
life of East Wrentham in
ways that are too
numerous and too
varied to define.

I send you best
wishes for the holidays &
'96 ... and look forward
to meeting with you
after the new year to
discuss possible future
collaborations. As always,
Ted
