

I realize that it is difficult to convey to you any idea of who we are or of our credentials without writing at some length which I do not want to do. Briefly what I would most like for you to know, is that ~~our~~ our efforts are completely independent of any institution, corporation, organization, patron or any other outside influence. nor are they colored by any religious, political, racial, or nationalistic bias. — but simply by ^{something of what they dreamed saw} on a deep desire to see ~~it~~ ~~a battle of that world~~

This brings up an interesting possibility. If ~~any~~ ^{one} time and circumstances permit, ~~are~~ there any subjects you would like to see done that would contribute to your project? Even though the Aztecs are my chosen subject, I have made studies of many indian cultures and consider them all within my field of interest — from the Siberian times all the way up to the present, so I have ^{great} sympathetic respect for what you are trying to do.

I hope this letter helps a little by way of ^{a brief} introduction to who we are and what we are trying to do. I hope also that the notebook ^{the} and other information ^{can} add to this
