Dear Committee:

I understand that the Portrait Committee wishes me to paint a smaller, more informal portrait of John Roach for personal presentation to him and his family, hopefully before the end of the year. This portrait will measure approximately 23 inches by 26 inches or somewhat larger, unframed. It will be accompanied by four framed drawings by Stuart Gentling to be hung with the portrait. The subject matter of these drawings will be at least one TCU view, one view of the Tandy Office building (s), an example of a Tandy computer, and a drawing of Mr. Roache's boat.

I will need to be provided photos for the computer you wish to be portrayed and Mr. Roache's boat. I will not need any information on the TCU View or that of the Tandy Office building.

The price of this portrait and the accompanying drawings will be \$27,000 plus sales tax. Before work begins I will require a 50% non-refundable deposite. Because of the priority of the larger Roach portrait, I can not absolutely promise the completion of this second portrait by the end of this year, though I will make every effort to do so.

I will, however, begin both portrait drawings together, since I will be focused so intensely on Mr. Roache's likeness at this time. I will then paint the first portrait to completion before I begin the painting phase of the second portrait. The balance will be paid upon the delivery of this framed second portrait and the framed accompanying drawings.

If you have any questions, please do not hesitate to call me. My telephone number is 738 - 4427.
