Dear Raiph:

Presuming that the Gentlings would like to proceed to make a commission to do this painting, similar in size to the last one they did for me, but to include four (4) figures, either my wife, Kathy, and me together with our two sons, or, in the alternative, myself and my father together with my two sons.

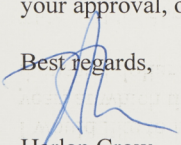

I would like to make an agreement to start such a work in October of this year, at which time I would make a down payment on the seventy-five thousand dollar (\$75,000.00) price.

one or however many they want
This will be done in ~~two~~ sittings, taking a picture, spending some time with us and, likewise, participating in the selection of the photograph which would be selected to serve as a guide for a painting. I don't remember exactly how long it takes for the painting to be completed, but would expect to see something in three/four months after the sitting.

I think I am going to pass on the sponsorship of the bird book. It does look like a wonderful thing but pretty far away from my own interests, and so I am going to pass on that.

Ralph, I appreciate you working with us and please let me know if this meets your approval, or if I have missed anything you need to straighten up.

Best regards,

Harlan Crow
