WIND RIVER PRESS

4601 Ramsey Avenue

Austin 78756

Dear Stuart and Scott,

I enjoyed our visit and field trip? very much and look forward to our project. Ran across this cartoon and thought of you, especially with your problems with the posing. The figures below are rough and well-rounded, but should give us a broad idea of costs. The only cost that can fluctuate is the paper cost, depending if we use machine-made paper, mold-made, or handmade.

paper	\$10,000 -- \$50,000
separations	60,000
binding	40,000
printing	<u>50,000</u>
total	\$160,000

Sincerely,

David
