Dear Scott and Stuart,

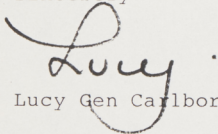

Please excuse the delay in returning your wonderful book GOODBYE TO A RIVER. I took it along to Maine in July and enjoyed it enormously. John Graves is a superb choice of writer for your Texas bird book. He writes so beautifully -- I felt I had taken the trip down the Brazos with him. It only made me want to return to Texas and see more...

I really do want to be on the list for your limited edition -- I only wish I could afford one of your original paintings. It was such a treat for me to visit your home and gallery and have the private tour with you and Travis.

If I find an excuse to visit Dallas again, I'll contact you as I'd love to see you and your works again.

With kindest wishes and best of luck with your project. I'm waiting for my prospectus!

Sincerely

Lucy Gen Carlborg

P.S. I thought you might enjoy AUSTRALIA THE WILD CONTINENT. No doubt Travis has told you all about it but it's nice to see for oneself!
