March 29, 1984

Dear Scott and Stewart:

Mike and I would like to take this opportunity to thank you so very much for your contribution of the hooded Merganser Print which you so generously donated to help us at our October banquet of last year. We are happy to report that the 1983 Dallas dinner was the most successful on record in this city. We raised a gross of over \$200,000 and were able to send a net of \$132,000 to the national office, after all expenses were paid.

Without the generous, on-going support of donors, such as yourself, Ducks Unlimited in Dallas and the concept of the Ducks Unlimited in General would simply be out of luck. It is for these reasons that we extend our heartiest appreciation from all of us connected with the Dallas Ducks Unlimited Committee.

The committee, complete with its new directors, Pat Nowotny and Terry Gruninger, are hard at work with early preparations for the 1984 banquet. We fully expect that it will be an even bigger success than was the '83 dinner. Also, put on your calendar the Dallas Ducks Unlimited Sponsor function which will be held at the Brook Hollow Golf Club on Wednesday, April 18. There will be two beautiful shot guns, several decoys, some sculpture and some works of art, just to mention a few of the items that will go up for bid that night. A great time should be had by all and we hope to see you there.

Again, Mike and I would like to thank you for your help and generosity and look forward to seeing you in April and then certainly in October of this year. May 1984 be a pleasant and prosperous year for you.

Sincerely yours,

Philip L. Kelton, Jr., M.D.

Mike Christopher
