Dear Ralph,

Enclosed you will find a letter from the color separator announcing the commencement of his work. According to the contract this will release \$35,000 to me to further the project.

Also enclosed is a damaged transparency that has a scuff mark in the sky, and it would be wiser to use another piece of film rather than work to repair this.

Say hello to the Gentlings for me. I just returned from Boston after looking at a press and plan to look at a few more before making a decision on the letterpress.

Best Wishes,

David Holman
