Dear Mr. Gentling:

I have just put two of your splendid posters up in my office, and what a wonderful addition they make to my walls! I chose the scene of the cattle grazing in the field (which, whether accurately or not, reminds me of the many happy hours I have spent birding on the Edwards Plateau) and the snow scene of the farm with the Turkeys in back of the barn. They are truly remarkable pictures--extremely evocative--and most appropriate for us since, as you may know, we have here at the Society a distinguished collection of Hudson River School landscapes, including some by Audubon's engraver Robert Havell. So your pictures are hanging in good company!

I hope that by now you have received the letter on the subject of your elegant grackles--it was truly a delight having them here!

Sincerely yours,

Carole Anne Slatkin
