Dear Stewart,

I hope this note finds you well and that things are progressing on the Gentling Book of Texas Birds. The enclosed invoice is for storage of shipping cartons and board and cloth for the month of May. Your rent does not include long-term storage of finished boxes. Please notify me when you would like 105 finished boxes shipped to your warehouse.

Another matter of concern is the 210 boxes still to be built for this project. Because of delays beyond my control I will not be able to guarantee how soon I can finish these boxes unless you schedule time with me soon for this purpose. We are very busy and it looks as though we will continue to be.

Stewart, don't be a stranger. Please keep me posted on how things are going so I can work with you to our mutual benefit.

Sincerely yours,

Craig W. Jensen
