Fine Prints, Paintings and Framing

Dear Stuart,

As you probably know, we have a large new group of Havell Audubons in stock that are in super condition. It is such a pleasure to see pristine Havells. If you or any of your customers may be interested in collecting any, call me. I am not working fulltime at the gallery - only by appointment, thus, I miss calls from people like you! I keep up with all my clients, but don't have to be there eight hours a day. It is a great set up for me because I have more time to paint as well as have energy left over to put into my marriage.

I am enclosing some photos of my recent landscapes. Landscapes are really what I have been working on now, particularly focusing on atmospheric conditions. I would like to

devalue "luminious" school qualities so I better
keep practicing! (Enclosed envelope to send back
photo - Thanks!)

Call me if I can help you in any of our
prints. By the way, how is your "Of Birds
and Texas" coming. The plates are so
beautiful. I love that Black-Crowned Night
Heron.

Best regards,
Katharine Rutledge
