Dear Mr. Gentling,

Returning from our project in New York, this week, I was delighted to find your thoughtful letter, and generous gift of the splendid work on the "OF BIRDS AND TEXAS".

Perhaps, our mutual friend, Ron Tyler, has told you of my interest in the preservation of wildlife, and in this regard, I work each year in Montana, on this cause for Dr. John Craighead, for whom, I have also produced a limited edition of wildlife lithographs. This, is what prompted my inquiries to Ron, to see if I could be of assistance in your Texas project, while I travel about the country, and/or my affiliations, with various Universities.

It would appear, however, that you have done extremely well, with the fine list of patrons listed in your clippings, and there may be no further need for sales of this limited edition.

When the present economic situation has passed, or at least, reached a more favorable plateau, I, too, will review the possibilities of acquiring your magnificent set for us, and at that time hope to meet you in Texas.

Meantime, I, again thank you, for this preview, and the signed works, which I shall treasure, and I trust you will let us know when the prospectus is ready for distribution.

Sincerely,

(Mrs.) Meri Jaye
