Dear David,

Thanks for this glimpse of The Book. Here are a few suggestions for this page:

- Para 1 lines 3 & 8 - taking a bit of space out before Texas and inserting it before Birds would improve the look of the title, I think.
- Para 2 line 4 - It is Mohawk, not Mowhawk.
- Para 2 line 8 - this always seems to be referred to as 'monotype Centaur', not 'Centaur monotype', among my typophilic friends; maybe reverse?
- Para 3 line 6 - this is PH, not PH, referring to hydrogen per liter.
- Para 4 heading - this sits slightly closer to the preceding para than it does to its own material; lower the heading a bit?
- Para 4 line 1 - delete the comma. '10' should be written 'ten' in text, which will help with this loose line.
- Para 4 line 3 - this is precedes, not precedes.
- Para 4 line 4 - comma following 'page' if the portrait is on the dedication page.
- Para 4 line 10 - 'hardscabble' rather than 'hard scabble'.
- Para 5 line 1 - should be 'forty', not '40'—relying on the Modern Language Style Sheet here, which says, 'Numbers of less than three digits should be spelled out except in technical/statistical discussion, or in footnotes.' This would require dropping 'in' to the next line perhaps, which could take it.
- Para 6 line 6 - this is Lucien, not Lucian. 'four-', not 'four'.
- Para 6 lines 11-12 - Gent-lings is a better break than Gen-tings, I think.
- Para 6 line 12 - space from Texas to Birds as in Para 1 lines 3 & 8 above.
- Para 6 line 13 - again relying on the MLA Style Sheet--'in your text spell out refs to centuries, e.g., "seventeenth-century spelling"--this should be 'nineteenth-century' rather than '19th century'. This would require dropping 'Ameri' to the next line, which would require dropping 'of Amer' to the final line; that would eliminate two hyphens and improve the look.
- Para 7 heading - same as with the Para 4 heading.
- Para 7 line 1 - should have a comma following Minnesota.
- Para 7 line 2 - should have a comma following Texas.
- Para 8 line 1 - space from Texas added to Birds as in Para 1 and elsewhere.
- Para 8 line 7 - 'ten' rather than '10'.
- Para 8 line 9 - space from Texas added to Birds as in Para 1 and elsewhere.
- Para 8 line 10 - should be 'lifelong', not 'life-long'.
- Para 8 line 11 - should be 'pre-Columbian', not 'pre-Columbian'.
- Para 8 line 12 - 'pictorial', not 'pictoral'.
- Para 9 line 3 - space from before Texas added before Birds as in Para 1 and elsewhere.
