Dear Molley,

In the weeks ahead Ralph Carr and I are going to be contacting prospective donors to help the Museum of Science and History acquire the remaining original bird paintings from our book OF BIRDS AND TEXAS. We have discussed with Don Otto our need to have somebody on the museum's Board of Directors to work with in order to keep the Board informed of our activities and progress. He thinks that it is a good idea.

I would be delighted if you could help us in this capacity. It will require no work on your part other than keeping a file on any information that we will be sending to you from time to time. Then, hopefully if the Board has any questions, you will be able to give them an update on our success or lack thereof.

If you have any questions, please do not hesitate to give me a call. If not, then Ralph or I will be getting in touch with you again in the next few days.

Sincerely yours,

Stuart Gentling
