Dear Sir,
In spite of the fact that the main purpose of this mailout is to bring our book to the notice of people outside of Texas, we certainly do not want to ignore important collections within the state. Fred White Jr., bookseller at Bryan, Texas told me to get in touch with you about Birds and Texas.

Mr. Carr's letter accompanying this note states that this prospectus is our first mailing to libraries outside of Texas, but the trouble is that we have not sent mailouts to anybody unless they contacted us first. This prospectus will give you a good idea of the book's size and format, although nothing quite takes the place of actually seeing the book itself. Mr. White is familiar with Birds and Texas and can provide you with an objective opinion about its quality, interest and beauty. I am also sending along a list of critical comments by important art and book people as well as book reviews from two Texas literary magazines.

If I can be of any help, please feel free to call me at any time. Our telephone numbers are 1 817 332 7059 (with answering service) and 817 738 4427. I do hope that you enjoy the written material and especially the color plates. Each plate is signed, and they look quite handsome when framed.

Sincerely yours
Huart Gentling
