Dear Sir:

Mr. Fred White, bookseller at Bryan, Texas, told me that you might be interested in our new book, Of Birds and Texas. This prospectus will explain the book and give you some sense of its size and format. I am also sending you a list of critical comments by important art and book people which will give you a good idea about how well the folio has been received. I might add that Henry Hopkins, former director of the San Francisco Museum of Modern Art and currently director of the Fredrick Wiseman Collection in Los Angeles recently bought a copy. Also Andrew Hayem of Orion Press, San Francisco, recent publisher of the superb folio on Andrew Jackson Grayson is trading one of his books with me for a copy of Of Birds and Texas.

If I can be of any help, please give me a call. In the meantime we hope you enjoy the color plates. They are signed and look quite handsome when framed. Our telephone numbers are: 817 332 7059 (with answering service) and 817 738 4427.

Sincerely yours
H. Gentling
