

27 October 1983

Notes on Meeting with Denning Angim
Ken Jones, Ed Clark, Margaret Mowell
and Bennett Spiller in Austin at
the offices of Jack Lindgren and Kellogg

Bennett suggested that we spend about
\$2400.00 to make a ten page color portfolio
for presentation to museums and institutions.
This presentation would contain a brief
description of the Book and of the people
involved. It would also contain 8 reproductions.
This would be on a new photo emulsion
paper - very slick.

I promised him (Bennett) that
Scott and I would have completed and
photographed the eight paintings chosen
for the presentation by early December.
Bennett said the booklet could be ready
for use by the beginning of January.
Bennett also suggested that we begin
to seek endorsements by important
Texans. We suggested the following:

- 1) Jack Maguire
 - 2) Helmut Mauner
 - 3) Don Otto
 - 4) Director of Dallas Museum of Natural Hist.
 - 5) The Commission of Texas Parks & Wildlife
- (next page)

27 October 1983 Austin Meeting (Cont)

- 2 -

Denny Ingram urged that speed was very necessary. That now that the word is getting out that somebody might actually beat us to the punch.

He proposed the following schedule.

Get everybody under contract as soon as possible. These contracts would cover the following people.

- 1) Ralph Carr
- 2) John Groves
- 3) Craig Jensen
- 4) David Helman.

With these people under contract I should then undertake with all deliberate speed to sign people up to the purchase contracts. Then the following.

- 1) sign people to purchase contracts
- 2) Apply these funds to an escrow account (which would draw enough interest to help to defray the interest costs of the bank loan)

- 3) Complete existing paintings and get them photographed.

- 4) Get required types of insurance
 - 1) term life insurance
 - 2) Disability insurance

3) Banks will require
me to insure the paintings

Dorsey wants information
from insurance agent.

5) Make certain that all agreements
with Scott are signed and notarized.

David Halman

1) Find out his price

2) Tell him what he is to

do.

3) Get him under contract.

Ralph Carr
