Dear Stuart,

Please find enclosed the bid sheet from Capital City Container Corporation. The cost is \$9.85/box or \$5171.25 for 525 boxes. I will need \$2585.63 to start the job and they will deliver to my warehouse in approximately 10 days and expect to collect the balance. I suggest that you send me the entire amount and I will bill you later for overrun costs and the printing dies and typesetting.

I hope to get the measurements for the box soon from David. As I mentioned on the phone we have been receiving materials for the job and are ready to begin work.

Hope to hear from you soon.

Sincerely yours,

Craig

P.S. Please return the bid sheet with the money so I have proof of the costs of the job. cf.
