Sara:

A warm and full round of thanks from Scott, Stuart and I for your interest in "Of Birds & Texas" and the auction of the Audubon painting. You really helped get the ball rolling. (See PEOPLE Magazine enclosure) We appreciate your efforts with Entertainment Tonight and Arts & Antiques. With their approval, I had the WFAA and CNN coverage duped on a 3/4-inch VHS tape for your portfolio and personal use.

As new developments occur with this project or the upcoming Aztec undertaking, we'll keep you informed.

Also, I'm most grateful for the referral to Don and DiAnne Malouf. I am creating a public relations plan/program for their review, as the first step, and they are going to meet with Stuart to discuss publishers and printers.

I'll keep your skills and other interests in mind...meanwhile, have a great summer!

Sincerely,

Preston F. Kirk, APR
