Dear Scott and Stuart:

The "Of Birds and Texas" exhibit was very popular with visitors to the Institute of Texan Cultures. Your paintings are beautiful; they are also great conversation starters. I enjoyed walking through the Lower Gallery and hearing people talk about the different types of birds they remembered seeing when they lived in or visited a particular area of the state.

Enclosed please find photocopies of the press clippings received by the News and Information office. Also enclosed are the majority of your slides -- the Paseo del Rio Showboat will be returning the house wrens slide in the near future.

Thanks for all your cooperation. Please call me if you have any questions regarding the enclosed.

Sincerely,
