Dear Stuart and Scott:

We are very pleased to have our agreement completed at long last. This now gives us the document we need to seek donors to purchase the collection for the Museum.

As you know, our tentative plans are to have a brief exhibit of the entire collection in mid-January. Your participation will be very important if we are to pull this off on such a tight schedule. Perhaps we can get together in a few days to make plans.

I am looking forward to seeing all 40 paintings together for the first time.

With best regards,

Donald R. Otto
