Dear Stuart and Scott:

Thank you for your letter and for the many wonderful ideas and opportunities that you have offered for our 100th anniversary celebration.

We believe that the reception at Bass Hall is a "perfect" location for a celebration especially because of your influence on the building through the murals. We hope that you will both be able to attend this event as honored guests.

We just had a planning meeting today and - among other things - we discussed your letter and the traveling exhibit of your art work. I also spoke with Mr. Charles Walter of the Fort Worth Museum and he is very excited about the prospect and offered his assistance.

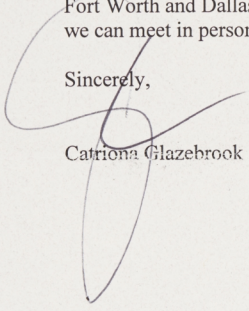

We are thrilled at the prospect of having a picture of Texas birds to commemorate the centennial and to debut it at the reception at Bass Hall on March 5th - if you have the time to undertake this. We would also want to make posters from the original for the benefit of Texas Audubon.

Of course Texas Audubon would be pleased to be able to endorse a portfolio "of Birds and Texas" and it would be wonderful if a book might be available to travel with the exhibit - or if that is too difficult so soon - to publicize/preview it at the celebration.

We will be auctioning items off at the reception in March - for example - "The Ultimate Texas Birding Trip" which will be offered on Audubon's behalf by Victor Emmanuel. If you both are amenable to offering for auction some of your color plates - we would be pleased to accept them.

Let me know if there is anything that I or my staff (especially Anne Murdock, our Development Director) can do to assist you or your brother. I will be away the first week of August – but I will be planning a trip to Fort Worth and Dallas in September or October at which time I hope that we can meet in person.

Sincerely,

Catriona Glazebrook
