HELLO STUART!

Hope this communique finds you well. I am following-up on our conversation at The Bass Hall last Saturday. You had offered two of your bird prints for The James L. West Center's upcoming fundraiser, for which I am very grateful.

I will be happy to pick-up the prints from you. But I'd really like for you to come and take a brief tour of The Center, and I'd like to take you to lunch. Do you think you can arrange a time for me next week? Perhaps Monday, the 15th or Tuesday the 16th? The tour will be a quickie...the lunch can be as leisurely as you'd like.

I really enjoyed meeting you, and hope we can get together soon. Feel free to call me at 877-1273 ext 132 or fax at 877-1414.

Sincerely,

Pamela Wood-McClung

Director of Development

Here's "The Pitch."

The James L. West Center is hosting its annual fundraiser, "Ballpark Memories," on Saturday, May 1, 1999. The event will begin at 5:00 p.m. in The Legends of the Game Baseball Museum with a reception, dinner and an auction. There are sure to be some former baseball "greats" in attendance...and no promises, but it's no mistake that this date is the anniversary of Nolan Ryan's record 7th no hitter! At 7:35, we walk over to The Ballpark to watch our Texas Rangers defeat the Cleveland Indians.

Your contribution to our 501 (c) 3 organization would be greatly appreciated. The mission of The West Center is to provide loving care for persons who suffer from Alzheimer's and other dementia-related disorders and support for their families.

Stuart, The Center would greatly appreciate your donation of a pair of signed bird prints. As we discussed, I would like to have them framed prior to the auction. How would you feel about donating one of your commemorative prints of the Green Jays?

Thank you for your willingness to help us in our very worthwhile cause. More than 4 million people are affected with Alzheimer's disease. The disease turns lives inside out...both the lives of the people who have it and the lives of those closest to them. We, at The West Center, are here to help the two most affected by Alzheimer's: the one with the disease and the family who has to cope with the condition.

Sincerely,

Pamela Wood McClung
Director of Development
