Dear Stuart and Scott:

Thank you for your generous donation of 25 prints of your newest bird painting "Green Jays" which you have valued at \$150 dollars per print for a total of \$3,750 dollars.

Everyone who has seen them has been struck by the beauty of the painting and thrilled to know that you both have decided to go back to your roots and do another painting depicting birds.

Best wishes to you both,

Sincerely,

Catriona Glazebrook
