Dear Clare:

Enclosed please find one of the first "mock up" versions "Of Birds and Texas". This version has the full color prints, the John Graves essay and the essay by Stuart Gentling. I hope this reaches you in time for your meeting with the Publishing representative.

Please keep in mind that this is not a final copy of what the book will look like. There most likely will be some editing, etc., and decisions still made about content. However, it will give you a general idea of content and you can quickly see the mastery of the artwork.

In looking at my calendar, I would prefer to meet on either July 5th, 10th or 12th. Please let me know which date will work for you and Lisa. I will also of course need to check and confirm this with Stuart.

I will be away for a week. In my absence - please make meeting arrangements with Sandy Cimo.

Thank you for your consideration.

Sincerely,

Catriona Glazebrook

(This is my only copy of the mock-up so please return it to me.)
