Dear Stuart,

On August 13 I called twice and each time left part of a useful message. In the second call I gave you our new address, but not the town or state.

Here goes:

John Gerke

PO Box 3500 PMB 194

Sisters, Oregon 97759

(541) 549-4976

In July we moved here from Fort Worth. Before we left we called your studio and explained to Ralph Carr that we wanted to be sure to get the Green Jay print and the soft-cover book we had ordered at the Texas Audubon Gala.

Ralph graciously brought us a print that very day and we gave him what was to be our Oregon address, General Delivery. It has since changed to the above.

Now we have two prints, for you sent us Number 216/1000 earlier this month. We're only

entitled to one, so we need to return one to you. The first print wasn't properly numbered; it has ① in the very bottom right corner, but it has been signed.

We're trying to decide which we should keep. Anything done by you and Scott is immediately valuable and sure to increase as time goes by. Is a print with a casual ① in the corner better than an official one with 216/1000, or the other way around? Anyway, if your inventory shows one is missing, we have it.

Sincerely yours,

Anne Gerke
