Re: Stuart and Scott Gentling, *Of Birds and Texas*

Dear Catriona,

I'm enclosing a second past due invoice I originally sent in June for work done on the Gentlings' book, *Of Birds and Texas*. If you recall, Stuart wrote Texas Audubon a \$1500 check from which this payment was supposed to come.

I spoke with Sandy about this unpaid bill in mid-September, and she said she had made an inquiry at the national office where they indicated that the check was in the mail. It wasn't.

Since it is now four months since the original invoice was made, I wonder if there is anything you can do to expedite payment. If not, will you give me the name of the appropriate person to contact at the national office?

I appreciate your help.

Sincerely,

Shannon
