Stuart Gentling
4801 Harley Avenue
Fort Worth, Texas 76107

Dear Stuart,

Thank you for your generous offer to allow us to use your images on our Junior Audubon website. As we briefly discussed on the telephone, we will need to transfer the images to electronic format using a scanner. Unfortunately, we would not be able to use the larger prints of your elephant portfolio in the process. If you have prints that are roughly 8x10 inches, those would be the easiest to scan, but we could work with whatever format you do have.

Birds of Texas:

PILEATED WOODPECKER
NORTHERN FLICKER
NORTHERN MOCKINBIRD
TUFTED TITMOUSE
NORTHERN CARDINAL
DOUBLE-CRESTED CORMORANT
SNOWY EGRET
BLACK SKIMMER

RED-BELLIED WOODPECKER
BLUE JAY
CAROLINA CHICKADEE
CAROLINA WREN
HOUSE FINCH
GREAT BLUE HERON
ROSEATE SPOONBILL
RUBY-THROATED HUMMINGBIRD

Also, I would like to formally request your participation as a judge in the Junior Audubon Nature Art Contest. The work will be displayed in the Central Gallery of the State Capital from April 15 through April 30. Judging can take place during that time at your convenience, but it would require your presence here in Austin.

Thank you again for your support of Texas Audubon. I look forward to meet you very soon.

Sincerely,

John Szygula
Director of Education
Interim Executive Director
