Stuart:

I have talked to the Book Festival people and they confirmed that the format is an interview – that is, I will be asking you questions.

Later today, I will fax you some questions that we can use as a general guide. And you should tell me if there are questions you want me to ask that I haven't thought of.

If you want to bring slides, you have to bring your own projector. We should talk about this.

I would really like for you to talk about your/Scott's techniques and Audubon's – water color, etching, engraving, aquatinting, hand coloring, Audubon's use of egg white, etc. – and for that reason I would love if you could bring some supplies and show a few things. I think people would love that.

There are some other ideas I have about some things I'd like you to bring – the question is how difficult that would be for you. So I think we need to talk.

You can call me at 480 827-3166 any time. And I will keep trying to call you.

Yikes, the clock is ticking. Looking forward to this interview, Suzanne
