

SPECIAL COLLECTORS' EDITION

OF BIRDS AND TEXAS

It is a rare event indeed when collectors of fine books are given an opportunity to acquire a first edition that is already a classic. Such is the case, however, as the University of Texas Press debuts its enhanced trade edition of the celebrated elephant folio *OF BIRDS AND TEXAS* by Scott and Stuart Gentling.

To make this new book event still more special the Gentlings have personally set aside 1,000 copies to be custom-bound by hand as a special collectors' edition. These books will bear the exclusive imprimatur of Gentling Publications on the Title Page and will be numbered and signed by the artists.

The binding of this special edition is in fine leather and Japanese silk and was crafted by Raymer Bindery of Lewisville, Texas. The leather of the quarter-binding bears an elegant stamped design of a warbler in a cedar-elm tree created by Stuart Gentling to pay homage to the cover of the UT Press trade edition. The ribbed spine bears the title stamped in gold

on inlaid leather. Also, the silk of the front cover is impressed with the exclusive seal of Gentling Publications which produced the original folio.

Early book purchasers will also receive a signed color plate of the Green Jays created to commemorate the Centennial of Texas State Audubon Society. The Green Jays plate has been selected by the Gentlings as the frontispiece of their Special Collectors' edition.
