

Scott and Stuart Girdling (born 1942)*Buff-breasted*

Watercolor, 20" x 26"

The Girdling Collection: Of Birds and Texas
 From the collection of the Fort Worth Museum
 of Science and History, Fort Worth

Of Birds and Texas, created by Fort Worth artists and twin brothers Scott and Stewart Girdling, comprises 40 exquisitely detailed watercolor paintings of birds and 10 Texas landscapes. Originally published in a 23" x 29-1/2" slipcase, the limited edition in 1986, the collection was quickly named the most magnificent book in the history of Texas publishing. The Girdlings attribute their artistic careers to an interest sparked when they were 13 years old by their discovery of a book of John James Audubon's paintings in the library of the Fort Worth Museum of Science and History. The Museum purchased the collection of Girdling paintings in 1995.
