

6 March 2004

The following list of objects enumerates items purchased or created by me (Stuart Gentling) and/or my brother Scott Gentling and have been on loan to Nancy Ferguson to decorate her houses over the years. Many of these items will remain on loan for the foreseeable future. They may be retrieved informally or by written request made at least two weeks in advance of the desired return of the objects. The objects will be listed by the rooms where they are currently displayed.

This list is meant to be complete, but because of the large number of objects, items not specifically mentioned here are not automatically considered to be gifts. For example, a number of books are not listed. Where possible, original purchase prices or current market values will be given along with original vendor or place of origin.
