

The Teotlaches

It is significant when trying to fix an alignment of this ball court to keep in mind that it played an important part in the great festival of Panquetzaliztli in which ~~the~~ began with the sacrifice of four captives on its playing surface. Their bodies were dragged about the perimeter sanctifying the area with their blood. Afterwards a small idol named Paymal an ^{water of Hodgehlopiti} was brought out from ~~Panquetzaliztli~~ his Chapel and brought down to ground level from where ~~they~~ a relay team carried it on a swift "Pilgrimage" beginning with a passage through this ball court. From there ~~the~~ he ran first out the western gate turning north and on to Tlalololco
