El Alamo del Recinto Sagrado de Tenochtitlan Reconsiderada

Introduction

1) First visit to Templo Mayor in 1962 - first sight of Marquini's model
2) Visit next year to Tlatelolco digs, disturbing evidence that the sight plan was not "symmetrical" like Marquini's model.

3) ^{See} Butrus, Alexander, other models and the publication of the Great Excavations of 1978-73 and today.

4) Martin's Brooks, Richard Townsend, Michael Smith and Trabajos Arqueológicos en el centro de la Ciudad de México, El Recinto Sagrado de México - Tenochtitlan de Constanza Ulga Rosa, Sonia Imbardo de Ruiz's book "Desarrolla urbana de México - Tenochtitlan según las fuentes históricas" The latter by Michael Smith and Van Zondtweck
