

P.S. Juanita likes your painting very so much she spent 600 pesos to have it framed nicely!

April 15,

Dear Scott + Stuart,

What in the world are you boys up to? We haven't heard a word from Harley St. Did you get my card from Zacatecas? The trip went very well, a lot of hard work but work is always fun with the Huiches. Also it was nice to breathe fresh air and sleep under a blanket of Stars for 2 weeks.

John's father was here again for a few days after a trip to Santiago, Chile. We met his friends from Costa Carayes. It seems that they are starting to clear the land for the dolphin lab. Marie Niarchos was nice, seems like someone who has suffered a lot for her age. The others are rather too Dolce Vita for me.

Stuart I have your navy blue sweater which stayed in the car from when we went to Tepoztlan - Shall I try to send it with the next available person or hang on to it for when, hopefully, you come back? I guess you never found anyone to send the box of slides with. Did you all receive Tom Wool paintings? We sent them with someone a couple of weeks ago.

John + I think of you both often. Please let us hear from you. Love,
Colin
