- 116) Red and White bowl incised with entwined Fire serpent coils forming Chalchihuitls. Clay. Western Mixtec. Approx. 7" high X 6" diameter.
- 117) Red and Graphite Black Tripod plate. Two feet in the shape of canine heads. the third foot with rabbit, lunar and amacuexpalli design. Clay. Aztec. 4" high X 9" diameter.
- 118) Red Ware Tripod Bowl. The feet in the form of a fantastic head resembling the face of the old fire god with earrings combined with that of an avian raptor. Clay. Aztec. 3 1/4" high X 8" wide.

In addition to our collection of Aztec and Mixtec art we have about 25 interesting examples of art from Maya, Zapotec, Olmec, and Western Mexican cultures which might be displayed in the small room to the right of the main entrance to the museum. This is the room that we have tentatively planned to exhibit enlarged drawings from Scott's notebook showing the towns and scenes along Cortez's route from the east coast to the highland city of Tenochtitlan.
